

Joint International Symposium  
RCBJSF - 2014 - FM&NT  
September 29 - October 2, 2014  
Riga, Latvia

### Announcement

The Organizing Committee kindly invites you to take part in the joint event "12<sup>th</sup> Russia/CIS/Baltic/Japan Symposium on Ferroelectricity and 9<sup>th</sup> International conference on Functional Materials and Nanotechnologies - RCBJSF-2014-FM&NT".

### Conference Structure

The symposium "RCBJSF-2014-FM&NT" will begin with a welcome reception in the evening on Monday, September 29, 2014. The scientific program starts on Tuesday, September 30 and ends in the afternoon on Thursday, October 2.

The program will feature plenary and invited presentations by a number of internationally recognized authors, contributed oral and poster presentations.

All submitted abstracts will be accepted based on evaluation of the International Program Committee.

### Conference Topics

#### FERROELECTRICITY:

Ferroelectrics and multiferroics, pyroelectrics, piezoelectrics and actuators, integrated ferroelectrics, relaxors, phase transitions and critical phenomena.

#### MULTIFUNCTIONAL MATERIALS:

Theory, multiscale and multiphenomenal material modeling and simulation, advanced inorganic, organic and hybrid materials.

#### NANOTECHNOLOGIES:

Progressive methods, technologies and design for production, investigation of nano - particles, composites, structures, thin films and coatings.

#### ENERGY:

Perspective materials and technologies for renewable and hydrogen energy, fuel cells, photovoltaics, LEDs, OLEDs.
